

ENGINEERING CHANGE NOTICE

ECN Number:	2025-019	Priority:	STANDARD
Date Issued:	January 22, 2025	Effectivity:	LOT 2025-L12 FORWARD
Originated By:	D. Martinez, Materials	Approved By:	A. Kovacs, Design

AFFECTED DOCUMENTS

Document	Current Rev	New Rev	Description
DWG 3847 — Mounting Bracket	—	B	Material change
MS-2024-017 — 6061-T6 Spec	A	B	Add alternate material allowance

DESCRIPTION OF CHANGE

Mounting Bracket PN-3847: Added 7075-T6 aluminum as an approved alternate material. Drawing note updated to read 'MATERIAL: 6061-T6 ALUMINUM (7075-T6 ALTERNATE PER ECN-2025-019)'. No dimensional changes. Anodize process unchanged.

REASON FOR CHANGE

Supply chain disruption on 6061-T6 bar stock in 2.0 x 4.0 size from domestic mills. Lead times extended to 16-20 weeks. 7075-T6 is available with 4-6 week lead time and provides superior mechanical properties (UTS 83 ksi vs 45 ksi). Customer (Cascade Defense Systems) has approved alternate per email dated January 15, 2025.
